

***Beneath Copper Falls* by Colleen Coble**

Colleen Coble is the queen of Christian romantic suspense novels. *Beneath Copper Falls* is no exception! Dana, a 911 dispatcher, returns to Rock Harbor for peace and a new start after her fiancé becomes abusive. Rock Harbor, however, fails to live up to its idyllic image when the death of a friend leads to connections between a string of murders. Dana and new friend Boone find danger as they track down the murderer and confront Dana's past. This is a twisty thriller, and I was taken by surprise by the direction things went in the book. A good read!
