

***Enchanted to Meet You* by Meg Cabot**

Young adult and adult perennial favorite author Cabot – Meg Cabot – is back with a new witchy adult romance/fantasy series set in Connecticut! This book is the first debut in A Witches of West Harbor series and it's a perfect October read!

West Harbor, CT, is a typical small seaside town – quaint with a storied history of early witchcraft trails. Jessica Gold, who has a gift for transforming people through clothing at her boutique, is a cottage witch with a nemesis – Rosalie Hopkins. Their animosity goes all the way back to their awkward teenage years when love spells went wrong. Oh, and Rosalie is a storm witch who can make the weather turn severe if she's angry enough.

Enter a mysterious stranger – Derrick Winters – who says there is a prophecy about West Harbor being attacked by demons on the night of the upcoming Tricentennial Ball – and only Jessica (as the Chosen One) and a teenager (the Bringer of Light) can stop it.

An enjoyable, cozy romance (with only a bit of spice/language) if you are in the mood for a witchy tale.
