

***The Adventures of Beekle: the Unimaginary Friend* by Dan Santat**

Beekle is an Imaginary Friend who hasn't been Imagined yet. Tired of waiting on the Island of Imaginary Friends for the Friend that will be his forever, Beekle decides to set out in search of his very own special kid, and has many adventures along the way.

This book is absolutely charming! The pictures are delightful and the story is as whimsical as the idea of imaginary friends. I loved the slow contrast in colors as the imaginary world met the real world. I also loved the idea of each Imaginary friend having the perfect human friend to match them.

This book is delightful and sure to enchant children as well as adults.
