

The Upside of Falling by Alex Light

Do you remember your teenage years? For most teens, it wasn't too bad, but then there are others... Brett is the BMOC (Big Man on Campus) that every girl dreams about – athletic, good-looking, and smart. Becca is the bookish, “nice” girl who has never had a boyfriend, something her former best friend has pointed out publicly. Enter the Nice Guy to Becca's rescue. The best friend's response? “there's no way you two are dating.”

You might guess the story line, but you'll still want to read **The Upside of Falling.**

As Brett says to Becca, “You're the best girlfriend I never had.” I think you'll enjoy reading this Young Adult title.
